# COMPANY OVERVIEW

Founded in 2017, Onyx is a company specialized in the installation and maintenance of affordable, high-end software solutions.

At Onyx we continuously evaluate our product lines to best provide our clients, based on functionality, quality, and price.

Our customer base is broad; ranging from numerous sectors such as residential villas and buildings to small businesses and large corporates.

We at Onyx are extremely proud of our superior ability to successfully undertake the most complex, multi-dimensional security challenges that our clients face, fast becoming a valued organization within the software industry.

” Onyx system can be set up for multiple locations. It can be totally integrated with the barrier system.

## MEMBER ENROLL

# MEMBER FACILITIES

- **Member Registration** : You can do new registration either by entering all the information of if person has already visited a gym and registered himself as a visitor you can import information from visitor.

Whenever member will purchase the membership package(contract), his information like name,mobile,DOB,contract start date ,expire date will be integrated with Barrier system.

- **Member Upload** : You can do bulk member upload.
- **Member Renew** : If member is expired then you can renew his/her membership.

Whenever member will purchase the membership package(contract), his information like name,mobile,DOB,contract start date ,expire date will be integrated with Barrier system.

# MEMBER FACILITIES

- **Member Physical Info** : Member Physical information can be entered periodically to keep the track.
- **Member Extension** : If member has already running some membership and he/she wants to avail some offer now , he can extend his membership with new offer.

Whenever member will purchase the membership package(contract), his information like name,mobile,DOB,contract start date ,expire date will be integrated with Barrier system. Along with membership extension he/she can buy locker and other services too.

- **Locker Management** : If member is having active membership , He/she can purchase Locker package and book the locker for specific period.

# MEMBER FACILITIES

- **Member Upgrade** : If member wants to change the membership, he/she can do upgrade. Along with membership upgrade , he/she can purchase Locker/PT/service also.

Whenever member will purchase the membership package(contract), his information like name,mobile,DOB,contract start date ,expire date will be integrated with Barrier system.

- **Freezing** : If Membership contract has any freezing facility then member can do multiple freezing upto maximum freezing days allowed for that contract. In case if membership contract does not have any freezing days , he/she can purchase the freeze. If he does the freezing , his membership will get extend by mentioned freezing days,

If member has done freezing for 10 days and if his freezing period is running right now but he wants to continue after 5 days instead of 10 days then he can disable his freezing after 5 days so remaining days will get deducted from his extended membership.During the freezing period , member will not be allowed to pass through barrier.

**Membership Transfer** : If member does not want to continue his membership due to some reason , he/she can transfer his membership contract to the new member or Existing member. So that new member will get this membership contract in form of extension with his active/Inactive membership contract.

# MEMBER FACILITIES

- **Referral Bonus** : If existing member is referring to any new member that he/she will get benefit of extra days in his/her current membership.
- **Edit membership** : we provide the facility to edit membership Contract/services Start Date, Expire Date, Sales person ,Locker No ,PT Trainer.  
**Member Block** : If GYM management does not want to allow any member in the gym due to some reason , he can block that member. That member will not be allowed to pass through barrier until management unblock him.
- **PT class Appointment** : Member having PT service Contract can book an appointment in advance with any trainer. Gym staff can check trainer availability before booking an appointment,

Once member attend the session , Trainer can login to the system and mark that session as an attended session for that member.

Trainer can check their upcoming appointments also.

# MEMBER FACILITIES
